

SUCH A BLOW FOR ROGER

GIANTS SNATCH A GAME FROM BRENNAN'S PETS.

With the score 4 to 0 against them they made five runs in ninth—Brooklyn lose to the Reds, while the Cubs and the Pirates came out on top.

The Giants had a blow in store for Roger Brennan's bats yesterday and they cruelly slipped it over in the ninth inning, their third victory in the series of four games.

The Brooklyn fell for the third time in the series with the Cincinnati. The Chicago held on to first place by fighting their way to a victory in Philadelphia, and the Pittsburgh were the winners of an eleven inning contest in Boston.

The New Yorks made good and had holding plays. They were sad exhibitors in the first inning and the Cardinals got a nice lead at the outset.

Huggins went around the field with his arm around the shoulders of little Hauser, who would not play with a ball throw that allowed the Giants to win.

CURRENT SPORTING GOSSIP

FLAT FOOTED STARTING DEMANDED BY RACEGOERS.

Mars Cassidy's Fine Work With That Walk Up System, It is Argued—Sweep's Advantage an Illustration.

When Sweep beat the barrier at Gravesend on Wednesday many persons cried out in protest. It looked like a clear case of carelessness on the part of Starter Mars Cassidy.

Then why does Mr. Cassidy suddenly try moving starts? That is the query asked by racegoers who cannot understand why the walk up system was first used.

The Jockey Club stewards decided when the standing start was the only proper way to send the horses away from the post.

Efforts have been made with the signal code to notify Commodore Brigham, and a volunteer force called the "Lighthouse Government" power boat and go out to bring him ashore.

There is talk of a first division team with that playing staff. The Highlanders play everywhere except in St. Louis.

AMERICAN LEAGUE

No New York-Louis Game—Washington Stop Detroit.

Only two of the four American League games scheduled for yesterday came to a definite conclusion.

Washington, 7; Detroit, 1. Chicago, 3; Boston, 0. Cleveland, 4; Philadelphia, 4. At St. Louis—Rain.

AMONG THE AUTOMOBILISTS

ENTRIES FOR MONTAUK RUN CLOSE TO-MORROW.

Nearly Fifty Cars Named for Two Day Event on Long Island—Touring Club of America Announces Sociability Contest to Celebrate July 4 in New York.

W. J. Morgan, president of the Motor Contest Association, announced yesterday that the entry list for the Montauk light and return endurance contest next Tuesday and Wednesday will not be closed until several entries are being mailed from contestants in the Atlanta to New York contest.

The engineering graduates of Columbia University are enthusiastic over their participation in the contest as official observers and the Motor Contest Association has arranged to give a dance for the students and other tourists at Shelter Island.

The event has been designated as an "owners' sociability run," the primary object of which is to demonstrate that a large number of motorists can drive their machines over the highways without succumbing to the temptation to burn up the speed regulations.

The exact nature of the roads to be traveled, in addition to the automobile contest regulations, will be made known in the near future.

The board of trustees of the New Jersey Automobile and Motor Club have decided to conduct an orphan's automobile outing some time in the near future.
